Voted, That the Resolutions as read be adopted; that the same be spread on the department records, and that a copy thereof be sent to the family of our deceased Chairman.

THE RESOLUTIONS.

IN MEMORIAM.

JACOB MORSE.

Born in Wachenheim, Bavaria, May 18, 1829. Died in Brookline, Mass., November 9, 1904. Aged, 75 years, 6 months.

More than fifty years ago Jacob Morse left his native country, bringing with him his mother, a brother and three sisters, and arrived in New York September 16, 1854, on the clipper ship "Mercury," after a passage of twenty-eight days. He came at once to Boston, where his elder brothers had preceded him, and directly after went to Manchester, N. H., where he remained in business for several years, after which time he joined his brothers in Boston, and participated in the building up of the great clothing house of Leopold Morse & Company, of which he finally became the head on the death of his brother Leopold in 1893. Although a hard and faithful worker and attentive to the conduct of this business up to the very time of his sudden death, and besides being a director in several other business enterprises, his active habits enabled him to devote a large measure of time to numerous social and charitable occupations.

He was the principal moving spirit of the Leopold Morse

MR JACOB MORSE

Home and the Chairman of its House Committee, an active and influential member of the Boston Federation of Associated Jewish Charities, a member of the Masonic and Odd Fellows societies, a member of the Elysium Club, and an associate member of Edward W. Kinsley Post 113, G.A.R.

He was ever a generous giver, but his charities were never ostentatious.

Our late associate and dearly loved friend was appointed one of the Trustees of Mount Hope Cemetery on May 1, 1896, and was reappointed on May 1, 1897. Soon after, the management of all the cemeteries owned by the City of Boston was placed under the control of the then created Cemetery Department, and of this Mr. Morse became one of the Trustees. He served continuously on this Board, and on May 20, 1902, was elected Chairman, which office he held until his death. With his characteristic energy and enthusiasm Mr. Morse was instrumental in embellishing and enlarging Mount Hope and the other cemeteries, and to his interest and efforts many improvements are to be especially credited. Among them are the enlarging and beautifying of the Civil War Veterans' lot, and the placing of headstones at the graves of soldiers and sailors buried therein, the building of the handsome chapel at Mount Hope, the placing of an appropriate fence at Evergreen Cemetery, and the erection of the beautiful gateway and entrance at Mount Hope Cemetery. Other notable undertakings were the purchase of additional land at Mount Hope, enabling single graves to be procured by our citizens at modest prices; the erection of the new greenhouses and the new administration building, replacing the unsightly wooden structures which so long marred the beauty of Mount Hope; the introduction of electric lighting at the latter cemetery, and the erection of an administration building at Evergreen Cemetery. These are but a few of the many services he so faithfully helped to perform in the discharge of his duty to the city he loved so well, and he was justly proud of the fruits of his labors.

He married in 1859, and is survived by his widow, three sons and four daughters. Devoted to his home and family, genial to all, delighting in entertaining his friends, a great favorite with the young and youthful with them in spite of his more than three score years and ten, — his character and the esteem in which all held him are alike shown by the loving title of "Uncle Jacob," with which old and young greeted him, and by which name he delighted to be called.

"None knew him but to love him;
None named him but to praise."

This Board of Trustees desire to express the regard and appreciation we have ever felt for the high character and genial fellowship of our late Chairman, which so strongly bound him to us. He was a loyal and patriotic citizen, and in his death the city loses the services of an able, honest and faithful servant.

THE OLD BURYING GROUNDS.

Since the establishment of the department the Trustees have been particularly active in the care of the old burying grounds. The zealous work of the department in perfecting the records of these grounds is appreciated by the individual interest of the citizens, and the extraordinary number of inquiries made relative to the interments in the grounds indicate the long felt necessity for undertaking the preparation of such valuable historical records. The wisdom of the Trustees in beginning and continuing this line of work seems to have been amply justified, and the department is now enabled to satisfactorily reply to many questions concerning the old grounds which cannot be answered in any hitherto published records. We realize that many individuals are in possession of family records which would aid greatly in compiling a complete list of interments both in the graves and tombs, and the Trustees respectfully solicit those possessing such information to communicate with the department. We are very grateful to the individuals who have so kindly assisted us by furnishing us facts which have materially aided in advancing this work. With this report is issued a history of the Dorchester North Burying Ground and a list of the interments in said ground completed as far as obtainable.

Copp's Hill Ground can be visited daily from May to November. Granary Ground is open Sundays during seven months, from April 1 to November 1. Eustis Street Ground, Roxbury, is open Saturday and Sunday afternoons, from June 1 to November 1. Under proper restrictions the old grounds will be opened at any reasonable time to any who make application at the department office in City Hall.

SUMMARY.

The Board of Trustees herewith summarize the improvements completed during the year, the work in progress and to be done during the coming year, and include suggestions for the protection and care of the cemeteries.

In compliance with various orders and votes passed by the city government, and with money provided by them, land was purchased adjoining Mount Hope Cemetery to provide single graves for those who desired graves which could be purchased at a moderate price. A portion of this land has been prepared for burials, and the first interment in this section was made last April. Since that time the demand for these moderate priced graves has been such as to show the wisdom of the city government in making it possible for the department to obtain land to meet this demand.

Noticeable in the work done this year at Mount Hope Cemetery is the improvement of the land at the corner of Walk Hill and Harvard streets. The old barn and sheds which stood on this site were removed some time ago, and the ground has now been regraded and ornamented by the planting of shrubbery.

The plot of land at Mount Hope Cemetery situated on Walnut avenue, near the chapel, is now being prepared for family burial lots. This plot consists of two acres and occupies a very desirable location in the cemetery. It will be in excellent condition, and lots therein can be procured as early as May of 1905.

The barge service from Blue Hill avenue and Walk Hill street to Mount Hope Cemetery will be continued by the department, as in previous years, as the electric car line has not as yet been extended to the cemetery.

We respectfully renew a recommendation made by this Board in previous years for the erection of a permanent fence of about 2,000 feet in length between Mount Hope and Calvary Cemeteries. The line of division is at present marked by a spruce hedge and wire fencing, which through age has become dilapidated. In addition to the unsatisfactory appearance of the hedge there remains the added danger of fire, which is possible to occur in a shrubbery wall and cause much damage to adjoining property. By the placing of a wall of suitable material this danger would be averted, and would add considerably to the appearance of that portion of the cemetery.

At Evergreen Cemetery is located the burial lot of Post 92, G. A. R. During this year, at the request of the post, this lot was regraded, and will be planted with shrubbery during the coming spring. (The work indicated above of improving this lot will be done out of the regular appropriation of this department.)

The unused strip of land situated between Columbia road and the Dorchester North Burying Ground has not as yet been added to this ground. The Trustees await action of other city departments who now have control of the land.

In view of the impression which seems to prevail even among those fairly conversant in city affairs that this department consists only of Mount Hope and Evergreen Cemeteries, the Trustees beg to emphasize in this annual report that such is not the case. On the contrary, the fact is that eighteen of the cemeteries located within the city limits are owned by the City of Boston and are under the direct management of this department, and the maintenance and care of this entire number of cemeteries must be provided for from the appropriation allotted annually to the department by the city government. Of these eighteen cemeteries, there are fifteen whose dates of establishment cover periods between 1630 and 1820, and owing to their historical value a deep interest is taken in them not only by our own citizens, but by the large number of persons who visit our city. Requests are frequently received concerning improvements in these grounds, and the Trustees give the same careful consideration and favorable action when possible.

In conclusion, the Trustees are daily receiving words of approval from the public for the manner in which the city government provides for the care of the cemeteries, and the opinion is frequently expressed that this city is foremost in this respect. We, therefore, on behalf of the lot owners and the public in general, extend to His Honor Mayor Patrick A. Collins and the individual members of the city government sincere thanks and appreciation for the fair consideration bestowed upon this department. The successful results of undertakings of the department are due to the courteous treatment of the city government of Boston.

The erection of fences, memorial stones, tombs, planting of trees, shrubs, and plants, and the adornment of lots shall be under the supervision of the Cemetery Commission, who shall have the right of determining the suitability of the same, and, in the event that they deem the same unsuitable, to remove or abolish the same.

4. Visitors must at all times be orderly, and will not be permitted to walk on the flower beds, upon the grass or the graded lots or borders.

5. All persons are prohibited from gathering flowers, cutting or breaking any tree, plant or shrub, carrying or eating luncheon in any of the grounds of this department, and no one shall be allowed to write upon or to otherwise deface any sign, monument, fence or structure, within the control of this department.

6. No slab, monument, marker, or other structure shall be erected in or removed from any of the said cemeteries without the permission of said Commission or some person delegated by it to act in the premises.

7. The Superintendent or Custodian in charge of the cemetery is authorized to remove all persons who violate any of these regulations.

TO LOT OWNERS.

The subject of perpetual care of lots and graves is now a very important one. By Act of Legislature the City of Boston has the authority to accept sums of money in trust, the income thereof to be devoted to the perpetual care of the lot named. In recent years all lots have been sold subject to that condition, but as such a rule was not made until many years after the establishment of the cemeteries there are at the present time a number of lots without perpetual care. Is this not a matter worthy the attention of those who desire to provide for the future care of their burial lots? Many of the earlier purchasers of lots have since placed them in perpetual care, and we earnestly request the remaining lot owners to consider this matter favorably. The advantage of perpetual care to each lot owner is in the matter of minimum expense in caring for the lot in a satisfactory manner, and adds to the general appearance of the cemetery. Massachusetts State law makes it lawful for the administrator or executor of the estate of a deceased person to provide for the perpetual care of a burial lot.

The title of a burial lot, after the decease of the proprietor, is governed by Massachusetts Statutes, chapter 78, section 26 of the Revised Laws, which is inserted below, together with sections 28 and 29 of chapter 78 concerning the rights of interment of wives and husbands of proprietors of lots or tombs.

Section 26 of Chapter 78: Lots in cemeteries incorporated under the provisions of section one, tombs in public cemeteries in cities, and lots and tombs in public cemeteries in towns, shall be held indivisible, and upon the decease of a proprietor of such lot, the title thereto shall vest in his heirs at law or devisees subject to the following limitations and conditions: — If he leaves a widow and children they shall have the possession, care and control of said lot or tomb in common during her life. If he leaves a widow and no children she shall have such possession, care and control during her life. If he leaves children and no widow, they shall have in common the possession, care and control of such lots or tombs during their joint lives, and the survivor of them during his life. The persons in possession, care and control of such lots or tombs may erect a monument and make other permanent improvements thereon. The widow shall have a right of

permanent interment for her own body in such lot or tomb, but it may be removed therefrom to some other family lot or tomb with the consent of her heirs. If two or more persons are entitled to the possession, care and control of such lot or tomb, they shall designate in writing to the clerk of the corporation, or if it is a tomb or lot in a public cemetery, to the board of cemetery commissioners, if any, or to the city or town clerk, which of their number shall represent the lot; and in default of such designation, the board of trustees or directors of the corporation, the board of cemetery commissioners, if any, or the board of health, if such lots or tombs are in public cemeteries, in cities or towns, shall enter of record which of said persons shall represent the lot during such default. The widow may at any time release her right in such lot, but no conveyance or devise by any other person shall deprive her of such right.

Section 28 of Chapter 78: A wife shall be entitled to a right of interment for her own body in any burial lot or tomb of which her husband was seised at any time during coverture, which right shall be exempt from the operation of the laws regulating conveyance, descent and devise, but which may be released by her in the same manner as dower.

Section 29 of Chapter 78: A husband shall have the same rights in the tomb or burial lot of his wife as a wife has in that of her husband and may assert or release the same in the same manner as she may assert or release her rights.

From the above it can be seen that the Massachusetts laws require that the title of a lot shall be vested in the name of a living individual. Heirs are requested to immediately comply with this State law after the death of a lot owner. Otherwise delays may occur in determining whether interment orders are properly signed. Application for necessary documents in blank form may be made at the department office in City Hall.

PREFACE.

The first complete Historical Sketch of the First Burying Place in Dorchester is herewith submitted by the Board of Trustees of the Cemetery Department of Boston. Under direction of the Trustees, the work of gathering and arranging the subject matter has been performed by Mr. Henry A. May, to whom our sincere thanks are due for the success achieved. Great care has been taken to obtain, from all sources, the history of this ground from its establishment, in 1634, to the present time. The epitaphs standing in the ground in 1872 were copied in that year by Mr. May, and verifications and additions have been brought up to May 1, 1905. In addition, many ancient epitaphs have been included, which have been obtained from authentic sources, but the stones have long since disappeared from the ground. Many of the names and dates of death recorded on stones are not found in the record of deaths in the town records of Dorchester, although recorded as residents of the town. Concerning burials in tombs, in but rare cases is found recorded in which tomb any person was buried. In view thereof, Mr. May has taken especial pains to search for facts in regard to interments in these tombs, and the largest amount of time and research has been expended to perfect the record of the tombs.

The final list of burials with this sketch has been compiled after an exhaustive examination of the records of the Town of Dorchester and the City of Boston. From information at hand they cannot be classified under the heading of being buried in a particular tomb, or having any gravestone standing, although recorded as buried in this ground.

The Trustees will gratefully accept any information concerning burials in any of the old burying grounds of Boston, and request that such information be sent to the Cemetery Trustees, Room 76, City Hall, Boston, Mass.

THE FIRST BURYING PLACE, DORCHESTER, MASS.

[Dorchester North Burying Ground.]

The town voted November 3, 1633, to establish a burying place, and November 3, 1634, the land was laid out five rods square, and enclosed with a fence. By tradition the first burying place from 1630 to 1634 was located near the first meeting-house erected near the corner of what is now East Cottage and Pleasant streets; but there are no records to substantiate the claim.

There are eighty-seven tombs in the ground, the oldest being in the southwest corner on the first land laid out for a burying place. Eight of these tombs have raised horizontal monuments above the tombs, and one, the Nathaniel Hatch tomb, has a perpendicular slate slab erected in memory of his father, Brigadier-General Estes Hatch. The oldest tombs in order of date are: Major-General Humfrey Atherton, 1661; John Moseley, 1661; Reverend Richard Mather, 1669; William Pole (Pool), 1674; Reverend Josiah Flint, 1680; Elder James Humfrey, 1686; Lieutenant-Governor William Stoughton, 1701; William Royall, 1724; Nathaniel Hatch, 1759; Reverend Jonathan Bowman, 1775.

Near these tombs are the oldest gravestones in the ground, many containing names and dates not found in the town records of Dorchester, and also in the record of epitaphs there are some thirty ancient gravestone records that are now gone.

The oldest date on any gravestone is that of Barnard Capen and his wife Joan, bearing the date of 1638. This is not the original stone — that being now in the New England Historic Genealogical Society's Library, and is in two pieces, about half of the original stone. Barnard Capen came in the "Mary and John" in 1630. The next oldest gravestone is the horizontal monument to Abel, 1644, and Submite, 1648, said to have been children of Thomas Clarke of Boston and Dorchester.

The grave of Captain Hopestill Foster has a raised horizontal monument; came from London, 1635; Artillery Company; Ensign Dorchester train band; selectman 1646, and for thirty years after Deputy to the General Court; Justice or Commissioner of Trials. His wife's name was Mary. He died October 14, 1676, aged 56 years.

William Pole, or Pool, came to Dedham, 1630, then to Dorchester, where he was town clerk many years and schoolmaster; he died 25th February, 1674.

John Maudesley, or Moseley, came to Dorchester, 1630; freeman March 14, 1638–9; married, first, Elizabeth ——, married, second, Cicily ——; he died October 27, 1661.

In the oldest section of the ground are two groups of two and four graves, also a single grave covered with rough stones. Each stone is about five feet in length, and is laid on top of the graves.

John Foster, mathematician and printer, son of Captain Hopestill Foster, graduated Harvard College 1667. Opened the first printing office in Boston 1675. Printed the first book 1676, the last book in 1680. He died September 9, 1681, aged 33 years.

Major-General Humfrey Atherton, member of the Artillery Company and afterwards Ensign, Lieutenant and Captain, 1650 and 1658. Representative from Dorchester to the General Court, 1638 and 1650. In 1659 was Speaker. Was originator of the first train band of Dorchester. Commanded the Suffolk regiment; and in 1656 was made Major-General, the highest military officer in the colony. He led an expedition against the Narragansett Indians. He was town treasurer and several times selectman. He died 16th September, 1661.

Reverend John Danforth, son of Reverend Samuel Danforth of Roxbury, born 1652; graduated Harvard College 1677; ordained June 8, 1682; died May 26, 1730, aged 70. He married Elizabeth, a sister of Lieutenant-Governor Stoughton, and they were both buried in the Stoughton tomb.

Reverend Richard Mather, born in Lowton, Lancashire, England, 1596. Married, first, Miss Holt of Bury, 1624. Married, second, widow of Reverend John Cotton, 1656. Four of his six sons were ministers. He died April 22, 1669, aged 73 years.

Reverend Josiah Flint, son of Reverend Henry Flint of Braintree. Graduated Harvard College, 1664. Ordained December 27, 1671; died September 15, 1680, aged 35 years.

William Stoughton, born in England, 1631, son of Colonel Israel Stoughton, who commanded the Massachusetts troops in the Pequot war; graduated at Harvard College 1650; went to England, where he became a fellow of New College, Oxford. After preaching in Sussex county, he returned to New England. In 1671 was made Assistant, and held the office several years. In 1687 was one of Sir Edmund Andros' Council. He was Lieutenant-Governor of Massachusetts from 1694 to 1699, and from 1700 to July, 1701, and acting Governor a portion of the time. He was commander-in-chief five years, beginning 1694. Was a benefactor of Harvard College, and Stoughton Hall was built at his expense in 1698. He was Chief Justice 1692–1701.

Elder James Humfrey was ruling elder during the pastorates of Reverend Richard Mather, Reverend Josiah Flint and Reverend John Danforth. He died 12th of May, 1686, in 78th year.

Elder Hopestill Clap died September 2, 1719, aged 72 years.

Ann Pearce, wife of Robert, died December 31, 1695, aged about 104 years.

William Royall of North Yarmouth, Maine, died 7th of November, 1724, aged 85 years. Hon. Isaac Royall, son of William, died 7th of June, 1739, at Charlestown, aged 67 years. Both buried in the Royall tomb, which is the largest in the burying ground.

William Tailer, born February 25, 1675–6, died March 1, 1732. Was Lieutenant-Governor 1711 and 1730 to 1733. November 9, 1715, to October 4, 1716, and June 30 to August 8, 1730, he was acting Governor. He was son of William Tailer and Rebecca Stoughton, sister of Lieutenant-Governor William Stoughton. He and his wife were buried in the Stoughton tomb.

Brigadier-General Estes Hatch, Brigadier-General of Horse, commanded a troop of horse at the battle of Louisburg, died February 6, 1759, aged 70.

James Blake, Annalist, died 4th of December, 1750, aged 63 years.

18th of March, 1694–5. A committee of three were chosen by the town to procure land to enlarge the burying place. No record has been found of what this committee did about the matter.

May 20, 1718. The town voted to purchase additional land to enlarge the burying place. No record has been found of this purchase.

9th of May, 1726. A committee was chosen by the town to buy land adjacent to the burying place, and on the 10th of August, 1727, they purchased one-quarter of an acre of land on the easterly side of the burying place for ten pounds.

Town Meeting March 2d 1835

The Committee chosen to Ornament the North Burying ground beg leave to report.

That they have examined the walls and fences round the Burying place, and find a part of the same not sufficiently good to keep out Cattle.

They beg leave further to state that there is about four rods of old wall and Fence, belonging to the town on the east side; bordering on Mr/s's. Lewis and Enos Clapp's land, also about three rods of very poor wall on the east side; bordering on land owned by Mr. Ebenezer Seaver and also twenty lengths of very poor rail fence on the south side bordering on land owned by Mr. William Bird.

Your Committee would respectfully recommend that the Town make a good substantial Wall between Mr/s's. Clapps and Seaver land, and that the Slat fence on the South side be continued the whole length out on Mr. Birds land.

Should the Town think proper to make these repairs and alterations, and which would make the Ground safe from the intrusion of Cattle.

Your Committee are of opinion, that many more individuals would be encouraged to aid in ornamenting and clearing up this long neglected Burying place, and that the amount by subscription already Ninety dollars would in a short time be sufficient to warrant a commencement of the work.

All of which is respectfully submitted.

SAMUEL DOWNER Chairman

The Chairman of the Committee in casting the expence laid out on the Burying Ground the past Season find they exceed the amount voted by the Town from Twenty five to Thirty dollars. Committee Report North Burying Ground.

Dorchester, March 1st 1843

The Committee for Ornamenting the North Burying Ground presents a Report of their proceedings the past year.

They have spent the proceeds $39. that was voted as follows viz, Repairing the old monuments and cut over the letters on the Rev. J. Flints, Master Pooles and Richard Mather's Tomb Stones, so they can be readable another Hundred years. M^{r} Moseley had the brick Monument of the Old Moseley Tomb built over, Messrs. There has been added to the Burying Ground the past year two handsome Tombs and one elegant Marvel Monument, a number of Fir Trees and some Shrubbery.

The Chairman of the above Committee will now surrender up his office and close with a few remarks.

They commenced Ornamenting the North Burying Ground in 1835, at that time the Fences for the most part were very poor, the ground nearly covered with Brambles, and full of Snakes, little or no order had been observed in Burying the Dead. We have in 1843 in good order viz,

The fences mostly new and efficient, the Ground laid out in very good order, the Brambles and Snakes have disappeared, and the Burying ground is now covered with a great variety of handsome and beautiful Trees, some of them of rare kinds, also a quantity of very handsome Shrubbery and Flowers.

The Chairman will take this opportunity to give his warm Thanks to such of the Selectmen who have co-operated with him, in these kind and efficient aid, also to many other Friends that have lent their assistance to this good cause.

In behalf of the Committee
SAMUEL DOWNER Chairman.

Voted To accept the above report of the Ornamenting Committee.

March 14, 1853

The part of the Selectmen's printed report which refers to Burial Grounds.

There was appropriated the last year, the sum of One hundred and fifty dollars to improve the Burial Grounds. That sum appears insufficient for taking care of the trees and shrubbery and clearing the walks and carriage ways. We would therefore recommend that the sum of Two hundred dollars be appropriated the present year for this purpose, and we would also recommend that the Town take measures to enlarge the present lots or procure another lot for a Cemetery.

Voted That the section of the Selectmen's printed report referring to Burial Grounds be referred to the Selectmen with full power to act as they consider for the interest of the Town.

Voted That the Selectmen be instructed to make enquiry as to the expediency of purchasing in some suitable place land proper for a Cemetery for the use of the Town, sufficient for many generations yet to come, and report to the Town at a future meeting.

After the above record, according to the Town Records, the Selectmen yearly made appropriations for the care of the burying grounds in Dorchester. No particular reference was made in the appropriation orders to any ground, and no mention is made directly or otherwise of changes or improvements in the Dorchester North Ground.

COMMON COUNCIL, June 14, 1900.

Councilman Davenport of Ward 20 offered order:

Ordered, That the Board of Park Commissioners, through His Honor the Mayor, be requested to transfer to the Cemetery Department the unused land adjoining the Old North Burying Ground on Columbia road, Ward 20, and that the Cemetery Department construct a new stone wall and fence and properly grade and care for the vacant land.

Referred to the Mayor.

Israelite indeed, in whom there was no guile.
Of temper humble, patient, meek,
He took delight in prayer, delight to seek
For heavenly influence and aid,
And in his life their power displayed
Mature in virture, as in age, he gave
His soul to God, his body to the grave
And here inter'd with him a grand child lies,
Just lent to earth, then summoned to the skies,

Here lies | all that is mortal | of | Mr. MERRILL BUTLER, | who tired of a | vain world | died Novr. 11, 1821 | In the hope of a better | Aged 37

Farewell vain world, I've had enough of thee,
And now am careless what thou saith of me,
Thy smiles I court not, nor thy frowns I fear,
My days are past, my head lies quiet here
A friend to all, a husband dear
An honest man lies buried here
All comforts fail us here below
For thine alone they are giv'n.
And though the body sleeps in death
The soul survives in Heav'n
Benevolent to all below
Thankful for what God did bestow
And all his foes forgiven
Then measur'd out life's short span
And liv'd in love with God and man
His hopes were fix'd in Heav'n
His work completed here on earth
His body moulders into dust
Almighty God who gives its birth
Has ta'en his soul to Heav'n,
It is not wealth or monumental stone,
Can raise a mortal frame,
But faith and hope in God alone,
Can raise a Christian's name.

The gate she entered proved the gate of Heaven.
Scarce had her willing feet the threshold prest
Ere she was summond to her final rest.
